

Custom Quip Engineering (CQE) Capability Statement

Providing a tailored cost effective solution to your road transport requirements...Repair...Hire...Buy...Hire to buy

CQE is your one stop shop for road transport equipment in Western Australia.

CQE is structured to make fast decisions by dealing with the in-house business owner or an empowered workforce.

CQE is conveniently located in Welshpool ...the heart of the transport hub of Western Australia

CQE invest in the future of local West Australians by “growing our own” staff by employing multiple apprentices.

CQE can tailor your requirements by offering a comprehensive in-house service:

- Full refurb blast & spray
- Short /Long Term Trailer Rental
- Rent to buy options
- Design and build semi-trailer service

CQE was founded by the current proprietor Chris Jenzen in 1977 in Cunderdin and whilst today there remain a strong focus on supporting the agricultural work stream, we have diversified into everything road transport by building, renting and repairing a diverse trailer offering including but not limited to Logging Skels, Tipping Skels, Straight Skels, Side & End Tippers, Dolly's, Flat Tops, Drop Decks with/without ramps, Jinkers and much much more.

Managing Director - Chris Jenzen chris@customquip.com.au more than 20 years qualified body building and business acumen.

Supported by an experienced administration team and a qualified team of body builders, draftsmen, paint sprayers and fitters.

Don't delay in contacting our experienced workforce to get the wheels rolling on your trailing equipment needs.
